

A garden town built around its people

An illustrative 600-acre study on unselected land. Homes gather around greens and curved lanes; the church and institutions share a walkable center.

EXPLORE THE PLACE

10.2 minutes · 2,554 feet
- 15 Guest house & courtyard**
10.7 minutes · 2,676 feet
- 16 The visitor street**
4.9 minutes · 1,220 feet
- 17 The lakeside gardens**
7.5 minutes · 1,867 feet
- 18 Sport & the meadow**
8.6 minutes · 2,162 feet

Three highlighted paths connect the church with the academy, library and visitor street. Distances follow the drawn paths at 250 feet per minute. Crossings, stops, heat, supervision and mobility add time.

The study establishes no approved home count, parking supply or building program. Survey, ecology, drainage, utilities, traffic, fire access and actual demand will determine the site plan. The full spatial composition has not been priced.
